

Anna Williams

Anna Williams is an Accreditation Supervisor with the American Association for Laboratory Accreditation (A2LA) and has worked with the Association since September 2015. She supports the day-to-day operations of accreditation by assisting cannabis clients in obtaining and maintaining accreditation in the chemical and biological fields of testing. Anna serves as the primary staff point of contact for laboratories seeking accreditation for cannabis testing. She also supervises accreditation services staff working with cannabis and clinical testing laboratories. Anna has been a staff-approved lead assessor since 2016 and performs oversights of new and veteran assessors. She serves on several cannabis industry working groups, including AOAC, ASTM, and ACIL. Anna is also a member of the Emerald Scientific Committee and Americans for Safe Access (ASA).

Anna received a B.S. in biology and minors in sociology and psychology from Grove City College. She obtained her Six-Sigma Yellow Belt Certification in 2018 and has been formally trained as a cannabis assessor by A2LA.
