

Brian Cusworth – Director of Operations for The Clinic Colorado. Brian is responsible for all operations from seed production, cultivation (including dry, trim, cure), lab production (marijuana infused products), packaging, and distribution. Prior to his venture in cannabis, Brian spent 12 years with a Fortune 150 company and was responsible for the execution of operations that produced \$850 Million in annual revenue. He has been in operations for 15 years, providing cross-functional leadership to optimize performance in innovation while leading and sponsoring continuous improvement initiatives to drive productivity and increase throughput. Brian strives to incorporate sustainable practices into all areas of operations. He believes it is our responsibility to protect our resources and that we must be pioneers in the cannabis industry to improve quality of life in the neighborhoods we operate. Before his operations career took off, Brian earned a Bachelor of Science degree in Natural Resources from Colorado State University.
